Celebration of the Battle of Lexington.

CINCINNATI, N. H. Friday, April 10.—P. M.
The Anniversary of the Battle of Lexington was celebrated to-day in a most impressive manner. The State Government, headed by the Ancient and Honorable Artillery, and bearing a drum-beat at the battle of Bunker Hill, proceeded to the spot, and thousands upon thousands of the children of those who fought this battle, also thronged to the scene. The town was beautifully decorated with flags and evergreens, and the celebration was carried through in a manner worthy of the event celebrated.

Court of Appeals.

ALBANY, Friday, April 10.

No. 74 and 75 concluded, 76, 77, 78, and 79 passed, 80 and 81 argued, 82, 83, 84, and 87 passed. The SPEAKER said the Committee could not offer the resolution, as Mr. Throop had previously obtained the floor, to move to go into Committee of the Whole on the private calendar.

Mr. THROOP of Penn. made an ineffectual effort to report from the Judiciary Committee the Senate bill for taking the next census.

Mr. VISTROS wanted the Committee called for reports.

Mr. THOMAS' motion was agreed to, and the Committee took up the bill for the relief of S. T. Nichol and James Clinch of New York, claiming \$1,000 in full payment for tax, furnished for the use of the Navy, and consumed in the public service. A debate ensued.

Several other bills were considered and ordered to be reported to the House. The Committee rose, when Mr. O'Dell (Loco) of Ohio, offered a resolution which was adopted.

That the Committee appointed to investigate the charges against Herne, the acting Doorkeeper, have power to send for persons and papers.

The House then went into Committee of the Whole on the State of the Union, and proceeded to the consideration of

THE PRESIDENT'S CALIFORNIA MESSAGE.

Mr. CLEVELAND, P. S. Lucas, of Conn., opened the history of the doings of the House since the commencement of the session. He believed he was right in saying that the South admitted, if it had not been for the Free States, Slavery would have gone to California. They were bound to their slaves, wreaths unspotted by blood, and without a grain of a bondman in them, and which have the smile of God resting on them. Higher glory had not been awarded to any set of men since the Revolution. Unless the President should be pressed, Slavery will go to the Territories. He did not believe there were a hundred men in Connecticut in favor of Slavery Extension. He had no fears of a dissolution of the Union. The Nashville Convention will be a second Hartford Convention. Slavery was sin in the sight of God, and he never would vote to extend it.

The Committee rose and the House adjourned till Monday.
